INDUSTRIAL DISTRIBUTION

INDUSTRIAL DISTRIBUTION

 مؤسسة التوزيع الصناعي التجارية

AL-AKLABI GROUP
Delivering the Best
INDUSTRIAL DISTRIBUTION is a 100% Saudi owned company situated in Al Jubail, Eastern Province, Saudi Arabia. It is recognized as a primary source of technical services across a wide range of industries and associated with several international companies of repute engaged in commercial undertakings in the Middle East.

Taking into account the geographical advantages of Eastern Province in Saudi Arabia, our current business activities are providing expertise services in the fields of Oil & Gas, Power, Water, Industrial plants and Infrastructure Development Projects as well as their associated facilities. Our wide range of activities includes Trading and Marketing of Manufacturers products, Stocking, Export & Imports.
Our Mission

Our mission is to become an integral link in the supply chain with value added supports and cost effective services and solutions for our admired customers. **INDUSTRIAL DISTRIBUTION** having its mission thus defined, constantly strives to deliver the potential quality products with an effective interlinking of auxiliary services to make the results possible and achieve the set goals with a dedication for innovation and expanding technical expertise in the areas of operation.

Our Vision

The vision of **INDUSTRIAL DISTRIBUTION** is to provide value added solutions and services to customers that meet or exceed their expectations in the fair way. Our objective for the business is an integration of material, logistics and information flow in seamless and transparent networks that make and deliver products or services from the source to the ultimate beneficiary.

With proficient industrial management outlook, which accelerates the capacity to provide back to back project solutions and to meet and answer the needs of their undertaking operations. Also, to get access to the emerging markets, we always concentrate on the leading edge of technical expertise. **INDUSTRIAL DISTRIBUTION** vast outsourcing competence is an added advantage to the honored Clients as it helps to schedule and forecast material procurement to accomplish highly competitive project milestones.
LISTEN

We listen to our customers and understand their needs. We take the time to understand our customers’ businesses, and what is driving them, not just day-to-day production issues but the bigger issues they are facing.

DESIGN

We then create solutions that address these issues. Our people design custom solutions based upon the demands and ever-changing needs of the market. Our customers know they can count on us for reliable and innovative technologies.

ENGINEER

We engineer quality and customized projects, products and solutions. We use our extensive engineering expertise to deliver end-to-end solutions that will perform to high standards for many years to come.

DELIVER

We deliver before, during and long into the future to ensure 100% complete satisfaction. Our technology and people are backed by processes, systems and other resources to ensure we deliver on our promises.

**INDUSTRIAL DISTRIBUTION** is a major supplier of different types of cables & conductors meeting international standards. Our Stocks consists of an entire range of power cables, electronics, computer & data cables.

We possess the capability to meet any of your cable requirements. By understanding your objectives & applying solutions to meet your needs our products offer long term cost savings, as ultimately, it's all about your business.

**Power Cables**
- Indoor Cables & wires
- Medium cable voltage cables
- Overhead lines
- Low smoke Halogen Free Cables
- Low & High Voltage Cables
- Flame Retardent Cables
- Chemical Resistant Cables

**Instrumentation & Process Control Cables**
- Instrumentation cable - Type PLTC
- Instrumentation Thermocouple Extension cable - Type PLTC
- Instrumentation cable - Lead Sheated cable
- PVC insulated cable

**Electronics, Computers & Data Cables**
- JE-LiYCY industrial Electronic Cable VDE-0815
- JE-Y(St)industrial Electronic Cable VDE-0815
- RE-2YCYPiMF Instrumentation Cable Adapted to VDE-0815
We possess the capability to meet any requirement related to your electrical needs. In Electrical products our name is synonymous with quality and time scheduled delivery. You can rely on our global outlook, dynamic approach & resourcefulness to do the work in less time, better quality and best performance. Quality and reliability are the aspects, we don’t compromise on.

We specialize in all aspects of bulk electrical materials procurement, from identification of in-country sourcing opportunities to consolidation of multiple vendor orders through packing, making and job site delivery.

INDUSTRIAL DISTRIBUTION also deals in “Hard to find” products which are difficult to procure from anywhere else.
The varieties of industrial mechanical equipment we offer are definite to meet all the industrial requirements of our clients. We understand the complexities, the varied requirement and different aspects of mechanical equipments required by industries and accordingly deliver solutions that ensure your mechanical and engineering success.

**The various products we supply includes.**

Complete range of industrial Pipe & Fittings including CS, CI, MS, GI, IBR, SS-304, SS-316, HDPE, PVC, PP, CPVC and PPR. We also customize these products according to specific requirements.

**Industrial Abrasives**

We offer a broad array of electrical asbestos and industrial abrasives which are procured from renowned are available at most competitive and provide world class quality.
Working closely with Customers, we became aware of their need to have a single reference-point for purchases of instrument equipments & bulk material. Beside our product, we can supply a wide range of components as listed below.

- **Manifolds**
- **Compression fittings**
- **Fusible plugs**
- **seamless tubings**
- **Copper tubing for instrument air**
- **Condensing/sea pots**
- **Gauge siphons**
- **Air distributors**
- **Pipe fittings**
- **Air fittings**
- **Air filter regulators**
- **Instrument valves**
- **Conduit pipe**
- **Cable tray**
- **EE&d junction box & electrical Fittings**
INDUSTRIAL DISTRIBUTION has been in the construction business for many years operating in the middle East. We provide a full range of technical and project management skills, from design through procurement, construction, commissioning and start-up to assist clients in developing and upgrading facilities.

We are working in the onshore and offshore oil and gas production industry where we have a significant role to play, providing electrical, instrumentation, SCADA systems, completions and commissioning services. Today Industrial Distribution provides specialist EPC, construction, completions and commissioning services, for onshore and offshore production facilities to upgrades, de-bottlenecking and commissioning services.

Additionally we provide road, power house and general construction services.
Engineering & Design

Complete Engineering Services particularly to the oil & gas and industrial sector.

The company specializes in the supply of various equipment, spare parts and services in the electrical, mechanical and instrumentation fields. Whilst these remain core activities, our capabilities expanded through various business development programs utilizing available resources and developing them. As a service company, Industrial Distribution offers complete engineering services particularly to the oil & gas and industrial sector which include:

• Feasibility Studies
• Joint Engineering Studies
• Design and Detailed Engineering
• Cost Estimate and Scheduling
• As Built Drawing

In addition, Industrial Distribution has all the engineering capabilities expertise, manpower, design and drafting facilities along with approved reputable principles. Consequently, we can provide the following.

• Project Management
• Construction
• Procurement and Expediting
• Fabrication, Installation and Supervision
• Installation, testing, Commissioning and start-up
• Operation, maintenance and safety Manuals
We keep stock of all kind of Structural Steel.
(Angles/Flat Bras/U-Channels/Hot Rolled Sheets & Plates/
Cold Rolled Sheets/ERW Black & Galvanized Pipes/
Galvanized Greeting/Square & Rectangular Hollow Sections/
Pre-painted Galvanized Coils/Hot Rolled Coils/Checkered
Plates/Galvanized Sheets/Universal Beams & Columns,
W-Sections Etc. from reliable & ARAMCO approved sources
in Korea,Turkey.Taiwan,Europe & USA.

STEEL PRODUCTS

- W-SECTIONS
- UNIVERSAL BEAM
- UNIVERSAL COLUMN
- JAPANESE BEAMS
- EUROPEAN BEAM (HEA SOLUTION)
- EUROPEAN BEAM (HEB SOLUTION)
- EUROPEAN BEAM (IPE SOLUTION)
- ROLLED PLATES
- PRESSURE VESSEL QUALITY PLATES
- EQUAL ANGELS
- UNEQUAL ANGELS
- JAPANESE CHANNELS
- UPN CHANNELS
- SOLID SQUARE BARS
- SHAFTING ROUND BARS
- CHECKERED PLATES
- ALUMINIUM FLAT SHEETS
- STAINLESS STEEL SHEETS AND PLATES
- GALVANIZED SHEETS
- GALVANIZED GREETINGS
- BLACK SELF COLOR GRATING
- STRUCTURAL HOLLOW SECTION (SQUARE)
- STRUCTURAL HOLLOW SECTION
- (RECTANGULAR)
**INDUSTRIAL DISTRIBUTION** specializes in the field of fabrication. We operate state-of-the-art equipment for detailing and fabricating. When this impressive technology is combined with our dedicated and skilled employees and innovative construction practices, the result is always a quality product.

**We offer**
- Premium quality fabricators in stainless steel, mild steel, aluminium and other alloys.
- Full service available from design to fabrication and final installation
- Quality led and competitively priced

**Metals We Use**
- Process Plant works in stainless steel, mild steel, aluminium and other exotic materials using TIG, MIG and ARC.

**Custom Build**
Most of our work is custom built to exacting standards and specification. We provide custom fabrication facilities at different projects as per client’s requirement. We work on a design and make the metal work.

We can proudly claim that we have expertise of all the stages and processes of fabrication. Below are some of those processes which we usually go through for our different jobs.
- Casting
- Drilling
- chipping
- Brazing
- Tapping
- Milling
- Molding
- drawing
- extrusion
- forging
- heat treatment
- punching
- spinning
- welding
- powder coating
- powder metallurgy
- Cleaning
- Assembling
